The Block Development Officer, Sullia has submitted through the Collector of S.Kanara a scheme for the organisation of children's centres in his area at an estimated cost of Rs. 3,900/- towards non-recurring and Rs. 250/- towards recurring expre. The salient features of the scheme are on pp.3-4 c.f. It may be pointed out that the scheme has been prepared in consultation with the D.E.O., ^{South} Malabar. It is stated ^{that expre} ~~the finance~~ ^{partly} will be met from the local contribution also, even though the exact amount of the local contribution is not specified. It is also claimed that the centre will be made self supporting in due course. The Collr. of South Kanara recommends that the scheme may be sanctioned for adoption, with suitable local variations if any.

2. The point for consideration is whether an expre. of Rs. 3,900/- ^{non-recurring and Rs. 250/- recurring} may be sanctioned towards the ^{establishment of a centre} ~~scheme~~ without ascertaining what the contribution of the local people ^{will be.} is ~~one centre may perhaps be sanctioned or whether the Collr. of S.Kanara may be initially and the scheme may be extended requested to specify the extent of local contribution towards the Scheme. For orders.~~

Through RDP I & IX

if The Collr. may be asked to ⁹²⁵⁵ say specifically where the proposed centre will be located and what amount of local contribution towards the establishment of the ~~centre~~

will be forthcoming from the place.

Sanction may be accorded for opening one centre at a cost of Rs 3900 non-recurring and Rs 250 recurring with provision made for crediting receipts, which may be collected from the beneficiaries - It may be just possible that the people may put up their buildings ~~reg~~ required. In the latter case, there can be no difficulty or objection to sanctioning the expenditure as proposed above. Finance may see for acceptance.
